

DAISIE

SB EN ISO 20345: 2011 SB SRC A E

□ 8767 WHITE | 36 ▶ 42

■ 8764 BLACK

COMPOSITION

Upper	Full-grain leather
Lining	Fabric
Toe	Steel
Insole	Felt. Removable. Anti-bacterial. Anti-fungal.
Anti-puncture sole	Not fitted
Sole	Two-density polyurethane
Weight size 37*	350g * Weight per shoe

PRODUCT CHARACTERISTICS

Leather upper

Offset heel

PARADE TECHNOLOGIES

Air cushioning

Shock-absorbent

Supports the arch of the foot

- MULTI-POSITION FOR STRAP: CLOG OR HEEL SUPPORT

SAFETY TABLE

Toe protection (safety toe)

Slip-resistance**

Anti-static

Energy-absorbing heel

SRB Steel / Glycerine (oil)	0,18	0,19	0,13	0,14

ENVIRONMENTAL FEATURES

At Parade, we carry out a life cycle analysis to measure the environmental impact of each of our models: from the extraction of raw materials, manufacturing, use, logistics, right through to the end of the product's life. Our environmental impact calculators, developed in-house using ADEME's EMPREINTE® database, have been certified by AFNOR for textiles and validated by the Pôle Eco-conception* for footwear.

* The Pôle Eco-conception is the French national centre for eco-design and life-cycle performance. Its expertise is recognised nationally and internationally by ADEME, the French Ministry of the Environment, AFNOR, ISO and the UN-environment.

CARBON FOOTPRINT

in kg CO₂ equivalent*

RAW MATERIALS	68 %
Raw materials: contribution to the carbon footprint as a %	
MANUFACTURING	18 %
Manufacturing: contribution to the carbon footprint as a %	
TRANSPORT	10 %
Transport: contribution to the carbon footprint as a %	
DISTRIBUTION	0 %
Distribution: contribution to the carbon footprint as a %	
USE	0 %
Use: contribution to the carbon footprint as a %	
END OF LIFE	5 %
End-of-life: contribution to the carbon footprint as a %	

* Based on a size 37 for women and a size 42 for men and unisex.

WATER POLLUTION

in kg Phosphate equivalent*

RAW MATERIALS	98 %
Raw materials: contribution to water pollution as a %	
MANUFACTURING	0 %
Manufacturing: contribution to water pollution as a %	
TRANSPORT	0 %
Transport: contribution to water pollution as a %	
DISTRIBUTION	0 %
Distribution: contribution to water pollution as a %	
USE	0 %
Use: contribution to water pollution as a %	
END OF LIFE	1 %
End of life: contribution to water pollution as a %	

- Packaging containing **at least 70%** recycled materials

- Stitching country: **India** / Assembly country: **India** / Finishing country: **France**

EXTRAS

- VPS SYSTEM supports the arch of the foot
- PARADE AIR SYSTEM air cushion technology assists flexibility when walking
- DRS SYSTEM for shock wave dissipation
- Adjustable with strap
- Easy to put on / take off
- Easy to clean
- 3 cm heel for better back support
- Sole injected in France
